

## ***BOAT STORAGE POLICY***

Boat storage space is very limited. The primary purpose of boat storage is to provide a convenient storage option that will facilitate development of sailing skills and participation in club racing. Accordingly, under no circumstance are SUPs, kayaks, canoes etc. to be stored at Parkdale Yacht Club, Inc. (“the Club”).

Allocation of storage spaces shall be determined by the Committee on an annual basis, with usage of the Dinghy or Windsurfer (“Craft”) over the last season a key factor in the allocation of storage spaces.

By accepting an offer of storage, I accept and agree to the following conditions.

- My Craft is stored at the Club at my own absolute risk and that the Club will accept no responsibility or liability for any loss or damage to the Craft whilst it is so stored.
- Further, I indemnify the Club against any claim whatsoever arising out of any loss of or damage to my stored vessel and agree that any insurances of my Craft will be my responsibility.
- The term Craft includes all equipment related to the vessel, including trolley, sails, rigging and cover. All dinghies must have a cover to ensure all equipment is stored neatly under the cover and in the space provided.
- This agreement is valid until the completion of the current Membership Season, and there is no obligation on the Club to renew my storage space.
- My Craft is to be stored in its allocated position only, and the Boat’s name or Owner’s name is to be clearly visible when stored in its usual position.
- If the Craft is sold the Storage space will not automatically transfer to the new Owner.
- Failure to remove the Craft within one month of the expiration of the storage period, or if the storage conditions are breached repeatedly, may result in the Club:
  1. Utilising my craft for the benefit of other Club members; and/or
  2. Disposing of my craft via sale or to land fill;
